

JNP TRADING :

JNP Trading was established in December 2007, which has been operating for the last six years as one of the leading local suppliers specialized in safety related equipment and materials to the oil gas plus construction industry in Qatar.

JNP Trading became the leading distributor for high quality safety, building material, power tools and other industrial products in Qatar market by providing premium quality products and services that can distinguish our company and set us beyond other suppliers.

JNP Trading has very ambitious plan to further meet the ever increasing needs and requirements of all customers by bringing in our fold large well known partners and principals overseas. Our company believes in most effective products & cost-effective products for our customers and therefore all the products and services are offered at most competitive price.

The company always looks forward to a long fulfilling association with our customers and successfully build a strong customer goodwill base.

Our goal is to exceed the expectations of every client by offering outstanding customer services, increased flexibility and greater product value. Thus optimizing product reliability and service efficiency and thereby ensuring that our clients receive the most effective and professional service.

JNP Trading always to provide excellent quality products ,and prompt services.
